- Toilet Bowl & Bathroom Cleaner
- LaundryPAC
- BACPAC Bacterial Enhanced Detergent

Effective on any Resilient Surface

The right solution-one Pac is all you need

Economical

The CorrectPac[®] system allows you to forecast and document the use of cleaning detergents for accurate and controlled application, helps you monitor inventories and budgets and provides the data necessary for compliance. As a result, fewer products are used, simplifying training and standardizing operations.

Easy to Use & Control

Distribute the correct number of Pacs needed for the job, improving safety and security. Color-matched products, accessories and MSDS simplify training and help ensure that the right products are used correctly. Education and support materials are easy to understand and use international symbols to help personnel learn efficiently.

Environmentally Sustainable

Every CorrectPac[®] product, not just a special line, delivers effective cleaning, cost saving and environmentally responsible formulations. Minimal packaging saves energy used to ship and store and reduces disposal cost. Maximum concentrates conserve energy in manufacturing, shipping and distribution. Portion control improved performance through more accurate dilutions and reduces the amount of solution disposed of into the waste stream.

For customers that deserve the best in value and customer service, Maryland Correctional Enterprises has an extensive selection of quality products and services to help your agency or business reach its full potential - all while staying within your budget.
